

COLOURS

To overcome any minor shade variations inherent in the production of natural clay products, we recommend that tiles are mixed from at least 3 pallets on site.

This product was manufactured by an organisation certified compliant, by AFNOR Certification, with the following benchmarks: ISO 9001 for quality, ISO 14001 for the environment, and ISO 50001 for energy. All EDILIANS roof tiles comply with the requirements of the NF EN 1304 standard. Only tile models identified by the NF, NFM, or NFFP logo are compliant with the requirements of the NF063 Clay Roof Tiles certification. The characteristics certified by the NF Clay Roof Tiles specification are appearance, geometric characteristics, resistance to breakage by bending, Class 1 waterproofing, resistance to freezing in accordance with NF EN 539-2, resistance to "mountain climate" freezing (for models bearing the NFM logo only), and suitability for use on low-pitch roofing (for models bearing the NF FP logo only). www.marque-nf.com

CLAY TILE

Small Format Flat Interlocking Tile

The HP17 is a small format interlocking clay tile with an attractive tapered leading edge and is designed to be installed quickly and efficiently due to its adjustable batten gauge from 222mm to 285mm and double hole facility.

A large range of accessories complement its modern appeal, offering excellent dry fix options at ridge, hips and verges ensuring a long-term maintenance-free durable roof, supported by our comprehensive insurance backed durability guarantee. The HP17 has a smooth surface finish in a variety of permanent colours, one of the undeniable qualities of natural fired clay.

FEATURES

This small format interlocking tile, which is both elegant and economical, is popular because of its technical characteristics, offering an attractive solution both in terms of cost and ease of installation, thanks to its variable gauge.

The modern design of the HP17 offers high durability and technically superior performance even in the most severe weather conditions, providing an economical solution for restoration or new-build projects. Available in five distinct colours to adorn the roofs of your region.
